RATING RULES

POINT ASSIGNMENTS

Points are based on all occurrences and/or violations that have occurred in the 60 months (5 years) immediately preceding the policy or the renewal date. Any accidents listed on any report ordered, application or other underwriting report will be considered at-fault unless a police report is submitted with the application. Points are listed and totaled for each driver separately. For major violations with an accident, we charge for both the accident and the violation. For a complete listing of violations and point values, please see the Rate Filing.

CHARGEABLE PERIOD

Period is the 60 months prior to the policy inception. To determine if the accident or violation took place in the chargeable period, use the conviction date. If two or more violations or accidents occur during the same incident, we will charge for the violation/accident which generates the most points. We will charge for all accidents or violations occurring while a driver is operating a private passenger auto, commercial vehicle, or recreational vehicle. The criminal background check will not carry a set period of time for verification of violations.

ACCIDENTS

Points are assigned to accidents resulting in death, bodily injury or property damage, including named insured's bodily injury or property damage.

FOREIGN OR INTERNATIONAL DRIVER'S LICENSE

A valid foreign driver's license is acceptable, and a surcharge will apply depending on the license type. As soon as a U.S. driver's license is obtained, please provide a copy to Ari-Kai General Agency. The maximum number of foreign or international licensed drivers per policy is four (4). **We accept a Foreign or International Drivers License/ID from Mexico, Guatemala, Honduras, or El Salvador ONLY.**

RATING FACTOR

The rating factor is determined by the age, points and marital status of all listed drivers. The vehicles age, model year and symbol set. This highest rated driver will be rated against the highest rated vehicle when developing Bodily Injury, Property Damage, Other than Collision and Collision coverages.

TERRITORY RULES

The Ari-Kai processing system will convert garaging zip codes to the proper rating territory. If the vehicle is garaged in a valid zip code not provided for on the Ari-Kai processing system, call 855.935.1233. Ari-Kai will provide you with a zip for the purposes of rating. **Do not use the mailing address zip code.** Use the zip code in which the vehicle is principally garaged. The vehicle must be garaged in Texas 10 months out of the year.

DRIVER ASSIGNMENTS

Encourage the applicant to fully disclose all information to avoid the need for premium adjustment and/or cancellation. Failure to report all regular and occasional operators to Ari-Kai may constitute material misrepresentation of risk. Unlicensed individuals are rated and must be listed on the application.

Married couples that are living apart, except those living apart due to military service or employment obligations, are rated as single.
